PERCY GIVES UP HIS JOB ON POLICE FORCE

Arthur G. Percy, recently acquitted of a charge of battery brought by his wife, who alleged he had bitten her and had thrown a shoe at her, yesterday tendered his resignation as a member of the Richmond police force to Chief Charles Walker. Percy was under suspension from the time of his arrest until he handed in his resignation. Chief Walker had not definitely decided whether or not he would be reinstated. Percy gave no reason for handing in his resignation.

Already there is a merry scramble for the vacancy made by Percy's retirement. Chief Walker has received several applications from those who want the job. The applications will be brought before the concil at its next regular meeting Monday night.

The merits of Percy's case have caused general discussion in the city. Percy has many friends, who are elated over his acquittal. There are others who bitterly condemn the former officer.

Percy, through his attorney, Lee D. Windrem, yesterday instituted suit for divorce against his wife in the Superior Court at Martinez.

GAMBLING CASE CONTINUED.

The case of Paul M. Palos, Greek proprietor of a rooming house at Thirtieth and Ohio streets, who was arrested on a charge of gambling on complaint of Michael Pelise, 18-year-old boy, who alleges that Palos beat him out of $100 in a game of 21, was yesterday continued for hearing until Feb. 24 by Police Judge Lindsay. Palos is out on $200 bail.

WINEHAVEN ROAD BEING REPAIRED

Gangs of laborers are now at work improving the Winehaven road between Winehaven and Point San Pablo, in anticipation of the heavy auto travel out that way this year. Many loads of crushed rock have been dumped on the roads. The rock is being evenly distributed over the highway.

More eucalyptus trees are being planted in the young grove recently set out just this side of Winehaven. The trees already set out are showing a remarkable growth, the soil being admirably adapted to their particular species.

Minor improvements are constantly under way in and around the big plant of the California Wine Association over the hills from Richmond.

W. KOCH WILL SETTLE BILL

W. Koch, accused by Mrs. Jane Horton, proprietor of a local rooming house, of defrauding her out of the sum of $68.75 for board and room, yesterday stated to Police Judfe Lindsay that he will straighten out the bill. On this promise the case aganist him was dismissed. The complaint against Koch was sworn to on January 28, but he was not arrested.

BITTER AT TREATMENT OF GIRL, PLANS TO PROTEST TO THE OAKLAND POLICE

A bitter arraignment of the police "third degree" system was voiced by F. L. Krieg, 542 Eighteenth street, last night. Krieg is a brother-in-law of Rosalie Rist, employed at the Fruitvale home of Jacob Vogel and wife, who were murdered by an unknown burglar or burglars.

Saturday Krieg went to Oakland to see his sister-in-law. The police denied him permission to talk to her. She was cross-examined by them for hours Saturday and Krieg declares he has not heard from her since the double tragedy.

"Miss Rist can't possibly have anything to do with the murders," he said. "She is like a sister to me. I know her for a thoroughly good girl and a girl that knows little of the world.

"She has few men acquaintances, has always had little to do with them. She is a girl that strikes one immediately as being frankly outspoken.

"I'm no gumshoe man, but it seems to me that it wouldn't take me all day to find out what Rosalie Rist knew about the case.

"My sister-in-law would never have had to undergo the searching police examination had it not been for Mr. Gross, neighbor of the Vogels. He told her not to report the condition of the Vogel home until the morning. Miss Rist wanted to tell the police immediately.

"The case has upset me terribly. I knew the Vogels well and played ball twelve years ago with the sons. My sister-in-law was employed in the Gross home for about two years prior to her employment by the Vogels. A few weeks ago, before she accepted a position with the Vogels, she came to Richmond and spent a week at my home.

"The detectives admit that Miss Rist is innocent. And yet they took her away and kept her without letting her parents know anything about it. Her father was very worried about it. It made me angry. It was unjust, uncalled for. Why didn't they third degree Gross? He was mixed up in it more than she was!"

Krieg yesterday decided to protest to the police department of Oakland. Where his sister-in-law is at present is a mystery. The police refuse to say where she is being held.

BETTS WILL NOT SEE FAIR OPENING

Members of the local police are laughing at the way Patrolman Kraemer "put one over" on Inspector George Betts.

For months Kraemer has been thinking, planning and plotting ways and means whereby he can be in attendance at the opening of the Exposition Saturday. For a time it appeared that he would be on his regular shift and would get no day off on the 20th.

Kraemer kept his ears open and finally found out that Betts gets his day off on Feb. 20. Then Kraemer got his brilliant idea.

About a week ago he asked Betts if the latter would mind trading days off. Kraemer's days off were the 22nd and 23rd. Betts, ever accommodating and obliging, had no objection to doing a little favor for Kraemer, who said he liked to get Saturday and Sunday when possible.

When it was all over and like Esau, of Biblical times, Betts saw he had sold his birthright for a mess of pottage, he had to join in the general laugh that is going the rounds at police headquarters at his expense.

Kraemer will see the Exposition, while Betts will keep his promise, stay home rfom the festivities and attend to Kraemer's work.

CHORAL MEETING POSTPONED.

ELKS' PREPARE FOR BIG "STAG"

It will be one of those real old time "stags" that the boys talk about for months afterward when the Elks get together for their big party next Monda ynight. The committee is arranging for "some evening." It was announced last night that in addition to the program already arranged, moving pictures of an educational nature will be shown.

AUTO VICTIM FUNERAL TODAY

Announcement was made last night that the funeral of Mrs. Annie C. Anderson of Stege, who was run down and killed in an auto accident Sunday night, will be held from the undertaking parlors of Bert Curry on the west side this afternoon at 2 o'clock.

Rev. Father Sampson of Berkeley will officiate at the services at the parlors. The body will be interred in St. Joseph's cemetery in San Pablo.

At the time of death Mrs. Anderson was 60 years of age. She was a native of Ireland, and the wife of Edward T. Anderson, retired merchant of Stege.

Mrs. Anderson was one of the pioneers of Stege, having lived there for 22 years. She was a sister of Mrs. Ellen Hanson and Lucille Mooney.

PICKPOCKET NOT BURGLARS.

Contrary to published reports, Henry Kaiser, Standard Oil employe, was not held up and robbed of his purse containing $13.80 in Oakland Sunday night. Kaiser was the victim of a pickpocket, who extracted his purse from his coat while he was in a crowded street car. The Oakland police are still working on the case.

WALL POLISHES UP HIS SITE FOR CITY HALL

That George S. Wall of the Harbor Center Land Company, who engineered the now famous deal, where by the council officially declared that the city hall shall be in one corner of the city, regardless of the wishes of the people, is not dismayed by the recent ruling of the Supreme Court, granting a rehearing in the famous case, and automatically reversing the decision of the Appellate Court, is shown by the preparations that are being made to "polish up" the site.

Within the past two weeks a sidewalk leading up to the city hall site has been completed. Strange to say, the sidewalk is only on one side of the street; that side that Wall is trying to put the city hall on.

Countless scores of birds are glad that Wall has erected the two big signs, advising passers-by that the plot is the city hall site. The signboards furnish the only roosting place the birds have in many blocks. The feathered population is in undisputed possession of the boards, while a lone ground squirrel occasionally pokes his head out of a hole in the ground below, and cautiously eyes with surprise the occasional passer-by.

LET CONTRACT FOR BUILDING

E. A. Palmer, San Francisco contractor, has landed the job for the construction of the two-story building that is to be erected on Washington avenue on the site of the wooden structure in which Justice of the Peace Roth has had his offices. The structure will be 40 by 57 feet in length. The amount that Palmer got the contract for has not been made public. It is not known who will tenant the building when it is completed.

Work will be started on the structure within a few days. Justice Roth was yesterday notified that he must move his offices, as the demolishing of the wooden structure is to commence.

When the building is complete it will be a great addition to one of the principal business thoroughfares on the west side.

Justice Roth will today move into his new offices on Richmond avenue, in the location formeryl occupied by the Manning Cleaning and Dye Works.

WILD OWL CLUB HAS BIG TIME AT SESSION

On Saturday night the members of the Wild Owl Club met for their usual monthly gathering at the home of Joseph Bedbury, 757 Fourth street. Games were palyed until a late hour. At midnight an elaborate supper was served. To the delightful strains of music furnished by the Fog Island band, those present danced until the wee small hours.

One of the features of the evening's enjoyment was a candy pulling match between Mr. and Mrs. Joseph Bedbury. Those present were Mr. and Mrs. J. H. Bedbury, S. Gadbury, Lillian Bedbury, Elsie McMaster, Gertrude Bedbury, Antoinette Costelo, Sickel, Willie Coburn, Roy Bedbury, Frank H. Meader, Y. Cerf, W. H. Irwin, Mrs. J. B. Wright, Miss Helen Bardin, Ira Bedbury, Miss Angelina Pera, Miss Lillian Pera, Lee L. Nancy and E. H. Sichels.

RICE SUFFERS PAINFUL HURT

William Rice, employe of Standard Oil Company, who works in the lubricating department of the big refinery, yesterday suffered a painful accident when a finger on his right hand was caught in the print machine. Before the digit was removed it was severely mangled.

Several stitches were taken in the finger by Dr. C. L. Abbott, who rendered first aid to the injured.

LECTURE POSTPONED.

Because of a prior engagement, Professor Newhouse did not continue his lectures on Exposition art at the Lincoln school auditorium yesterday. Professor Newhouse addressed the students of Fremont high school of Oakland yesterday afternoon. He will continue his series here next Tuesday.

FINANCE COMMITTEE FINDS OVERCHARGES OF RECORD-HERALD

For four years the Record-Herald has robbed the city of Richmond, and in robbing the city has robbed the taxpayers to the extent of 27 3-11 per cent on the advertising it has done. This was found to be the case when the Finance Committee, empowered by the council to make an investigation of the overcharges of the evening sheet, met yesterday.

The Finance Committee did not canvass every item of work done by the Record-Herald. But it canvassed scores of items and found the percentage of overcharges to be 27 3-11.

These overcharges are since 1911, extending over the period that the evening sheet has had the city advertising.

The Finance Committee is not done. It will hold another meeting later in the week or during the fore part of next week. It will get to the bottom.

Just what can be done about making the proprietors of the Record-Herald refund the money the city has been robbed of is a matter that City Attorney Hall is now investigating. The Finance Committee yesterday advised Hall of its findings, after a thorough and careful investigation. The city attorney will look into the law, and make an early report on the propeodure necessary to the Finance Committee.

When the Finance Committee gets Hall's report it will be ready to make a definite report to the body that empowered it to investigate.

This report, stated Councilman Lane, will be forthcoming not later than the regular meeting of the council a week from next Monday night. It may be ready for the meeting next Monday night.

The Finance Committee, doing its duty by the city, has determined that the proprietors of the Record-Herald will refund the money on the overcharges, if there is a statute that will compel them to. And when the refund is made it will be several thousands of dollars.

PRELIMINARY OF HALL CONTINUED UNTIL 23RD

By consent of attorneys of both sides, the preliminary hearing of T. M. Hall, insurance agent, charged with embezzlement by C. W. McMaster, a local contractor, who alleges that Hall took $60 on an insurance premium, was yesterday continued until Feb. 23 by Police Judge Lindsay. Hall is now out on his own recognizance. His preliminary was to have been held yesterday morning at 10 o'clock.

The defendant is represented by Attorney Clark.

Carlson, 1111 Dartmouth street, in Albany, where she was removed following the funeral of her babes. The stricken mother calsl constantly for her children, and attending physicians are fearful lest the shock will unsettle her mind. While Mrs. Carlson was away from her home here was consumed and the babies burned.

WILL SHIP BODY NORTH TODAY

On Thursday afternoon, at 1:51 p. m., the remains of Mrs. C. E. Noonan, mother of Mrs. C. E. Clark, will be shipped on the way to Weaverville, where they will be interred Sunday afternoon at 2:30 o'clock.

Mr. and Mrs. Cairk will accompany the body on its last sad journey. All arrangements for the holding of the funeral in the Trinity county seat have been completed.

Because of the inability of teams or stages to make their way across country from Redding to Weaverville, a distance of 52 miles, it was necessary to hold the body at the Smallwood parlors for several days. The rough mountain roads have been cleared of snow and debris to such an extent that it is thought that the journey can now be made without any danger of accident or delay.

FRATERNAL BROTHERHOOD PLANNING WHIST PARTY

IMPORTANT PETITIONS GET HUNDREDS OF READY SIGNERS HERE

Those circulating the petitions sent Justice of the Peace Roth and Constable Gregory, protesting against any legislation tending to abolish the offices of justice of the peace and constable are getting hundreds of signers. It was stated yesterday those who have the petitions have not met with a single refusal. It is expected that there will be 2000 signers to the petition in Richmond. When they are full of signatures they will be sent to Justice Hayden, secretary of the justices' and constables' organization of Contra Costa, in Martinez. From there they will be forwarded to the local representatives at the Legislature.

ELECTED DELEGATE.

Mrs. Elmira Brent has been elected delegate to the state convention of the Ancient Order of Foresters, to be held in San Francisco in May.

RICHMOND IS NOT HAVEN FOR "TIN HORNS"

Richmond is freer from gambling than any city of its size in the state, thinks Chief of Police Charles Walker, who declared last night that gambling cases here are very remote. Since the head of the local dejartment put the lid on gambling, shortly after he took charge, there was a marked falling off in the number of misdemeanor cases that came up daily in the police court.

Formerly there was gambling in the rear or in a side room of nearly every pool hall, and in several of the saloons of this city. This has all been cut out. Under the new license of pool halls, they are not on the same footing as saloons. Gambling will result in the revocation of the license of any pool hall where it is discovered.

Within the last three months there has been but one arrest for gambling. The man under arrest is a foreigner, and not fully versed on law and the meaning of ordinances.

Walker has instructed all of his men to watch for gambling, and immediately arrest all persons known to be engaged in illegal games.

For the first time in its history Richmond is entirely free from the "tin horn" sport.

VALUE OF UNIONS.

In a leading editorial on the trade union movement, the Yonkers (N. Y.) Daily News says:

"Every advance made by labor in this country was due to the work of labor unions. Better conditions, shorter hours, better wages, all came because a united body of American workmen asked for them. In union there is strength, and in unions, working together for a common object, there is great force and effectiveness.

"Too many see in labor unions only bodies of men organized to demand things, and regard the average labor union man as ever ready to strike. That is the last thing the intelligent labor unionist desires, for a strike is a declaration of war and, no matter which side wins, the suffering is largely confined to the workers.

"The labor unions of today are better officered, better managed, and really more intelligently directed than most employers dream of, and the hope of the workmen of today and of the future is in the good work done by the labor unions. Differences there will be, but these are growing fewer, and all roads are leading to the place where strikes will be eliminated and arbitration boards will settle all differences between labor and employers of labor."

DANGER IN CHILD LABOR.

In a speech on child labor, Miss Whiting, representing the Child Labor Committee of New York state, said that every year there are on an average about 15,000 children leaving school to seek 5000 varant positions, and that this average shows how vast a number have to wander about the streets looking for work which they are unable to find. "Pupils who leave school before graduating," she continued, "especially those under the ages of 16, usually enter the field of unskilled labor at low wages and remain there the rest of their lives. This is due to lack of mental training and sometimes to improper physical development. They often wander from one job to another because they are unable to stick to one long enough to make any headway. But not only does going to work impede progress in business, but it often impairs the health. The death rate among the workers is far greater than among the non-workers—the chief cause being consumption. Worse than all is the bad effect on the morals of the child. More working children go wrong than non-workers. More working children are arrested and brought before the Children's Court than school children. This is largely due to the bad associations formed."

SCENE FROM 'WILDFIRE' AT THE RICHMOND TODAY AND TOMORROW

Lillian Russell's most famous success, "Wildfire," will be the principal attraction at the Richmond theater today and tomorrow. ORGANIZED LABOR

R. R. EMPLOYEES TO CONVENE IN SAN FRANCISCO MAY 8

The supreme council of the Order of Railway Employes will be held May 7 in San Francisco, while May 8 has been set aside as railway men's day at the Panama-Pacific International Exposition.

The convention of the supreme council will be held in the Auditorium, where the railway men from all parts of the United States will assemble. Committees are now at work upon perfecting plans for the entertainment of the delegates.

The supreme body will assemble for the purpose of considering ways and means for the purpose of promoting and establishing auxiliary branches of the order in states where the councils do not now exist. The constitutional affairs of the order will also be acted upon at the supreme council sessions. The new ritual will be adopted and auxiliary divisions for the wives, daughters, sisters and mothers of members will be established.

The election of delegates to the supreme council will be held in each division on its first regular meeting night in March. The number has been fixed in the proportion of one to every 100 members.

CHILD LABOR BILL PASSES HOUSE 232-43

WASHINGTON, Feb. 16.—The Palmer bill to bar products of child labor from interstate commerce was passed by the House last night by a vote of 232 to 44, after a lively debate and the issuance of a writ of arrest for absentees to suppress the filibuster. The bill now goes to the Senate.

Opposition to the bill, which was led by Representative Byrnes of South Carolina, was based on the contention that it interfered with the rights of the states.

The measure declares it unlawful for producers, manufacturers or dealers to ship or deliver for transportation in interstate commerce the products of mine or quarry made wholly or in part by children under 14 years old, or products of the mills, canneries, workshops, factories or manufacturing establishments made by children under 14 years of age, or those between 14 and 16 who work more than eight hours a day or more than six days a week, or after 7 o'clock at night. Inspection by the department of labor would be authorized and fines of from $100 to $1000 or imprisonment from one month to one year, or both, imposed for violations.

When Representative Palmer proposed suspension of the rules to pass the bill several Southern members protested and started a filibuster, marked by repeated points of no quorum, roll calls and rulings.

"JUSTICE" IN W. VIRGINIA COMES TO LIGHT AT HEARING

WHEELING, W. Va., Feb. 16.—Direct testimony that Federal Judge A. G. Dayton of the Northern District of West Virginia had spoken in derogatory language of the United Mine Workers of America, was presented to the sub-committee of the House of Representatives investigating charges against Judge Dayton, when the hearing opened here yesterday. The members of the committee, Representatives D. J. McGillicuddy, H. G. Danforth and Warren Gard, arrived here yesterday from Parkersburg, W. Va., where testimony was taken last week.

James Oates of Charleroi, Pa., an organizer of the United Mine Workers of America, testified he had heard Judge Dayton make the statement that the United Mine Workers, as an association, was a criminal conspiracy and the officers were criminal conspirators and ought to be in jail.

Oates, who worked for the United Mine Workers in connectoin with the strike at Colliers, W. Va., cited the case of Joseph Hoblott, a foreign miner who was unable to speak English. Oates said Hoblott had been arrested at Colliers and "railroaded to jail" on a charge of contempt of Judge Dayton's court, having been sentenced to six months.

Oates testified the prisoner had been denied an attorney and was not alolwed to have an interpreter, and that while serving his sentence he became insane. He said Hoblott is still mentally unbalanced and is being cared for by the United Mine Workers.

BOXING LAW IS BEING VIOLATED OFTEN

OUR SPORT PRIMER—BY HUGH FULLERTON.

Laws are not supposed to be jokes in this enlightened day and age. An amendment to the constitution of the state of California is supposed to be the will of the majority of the people. Last November professional prize fighting in California was wiped out.

The most of us in this part of the state were sorry to see the good old game get the K. O. applied. But the law should be observed, no matter who it displeases.

There is a clause in the amendment against professional boxing that says professional boxers shall not compete in amateur matches.

The law is being violated in San Francisco nearly every week. Tommy Driscoll, a Vallejo scrapper, who in the old days was an out-and-out professional, took part in one of the amateur shows in San Francisco last week. They know all about Driscoll up in Vallejo. They know he is a professional. Listen to the following from the Vallejo Chronicle:

"Tommy Driscoll, Vallejo featherweight, arrived home last evening after his four-round battle with Jimmy Ford, which took place in the metropolis Friday night in the show held there under the direction of Harry Foley, former manager of Charlie Grande.

"Driscoll looks none the worse for his tough battle and states that he had one of the hardest bouts of his career at the hands of the lower bay featherweight. He fought Ford off his feet in the last two rounds and was under the impression that he had the verdict easily tucked away with his already large collection.

"The bout was held under the new law and it is reported that it is anything but satisfactory. The fights draw a much smaller house than was the case under the old law and are not expected to hold up. The prizes awarded to the scrappers is another thing that is far from satisfactory. For his trouble of fighting the four rounds Driscoll received practically nothing and it is doubtful if he will take another match in the metropolis.

"Just what plans the Vallejo lad has made for the future he is not in a position to state, but it is expected that he will depart for other realms where the game is more flourishing."

It would seem, on the face of this, that the Coast League would be willing to invest $500 in the Trolley League, which already bears a reputation for producing players.

These matters will all come up before the meeting tomorrow evening and all fans are urged to be present.

TROLLEY LEAGUE TO BE FORMED BY FOUR CITIES THIS YEAR

OROVILE, Feb. 16.—That Northern California will have another Trolley League this year appears to be practically assured. Jack Dooley, local baseball light, returned from Marysville last evening and reports that the work of organizing a team is already under way and that ball park has been secured. The warm weather has started the fans to thinking and efforts are now well started toward the building up of another league.

FOUR TEAMS PLANNED.

This year's league will have four teams—Oroville, Marysville, Colusa and Chico—if the present pains are carried out. As the three other cities have been waiting on Marysville for the past three weeks, it is practically certain that they will be on hand when the time comes.

DOOLEY HAS SCHEME.

Tomorrow evening the Oroville fans will meet in the Superior Court room and discuss the prospects. Dooley has a pain which he believes will work out for the benefit of the league and he will bring it up at the meeting. He believes that, if a proper committee could wait on Frank Ish, Baum, Wolverton and "Hen" Berry, the six teams of the Coast League could be persuaded to furnish $200 per month to each of the four Trolley League teams, with the stipulation that they could draft promising players from the valley teams.

COAST LEAGUE SHOULD INVEST.

Last year the Coast League paid out approximately $16,000 for the upkeep of the State League. This organization sizzled out before the end of the last season and all the coasters had to show for their trouble and expense were two players secured from the State League teams.

MY BODY—NEW KELLY.

Three weeks ago he decided he needed a new hat. He bought one. It was a five-dollar thing. He ventured out in the big blow that tossed ships about on the bay like corks. His hat refused to stay on his head. It blew off, and didn't stop within reach. He never did find it.

The next day he blossomed out in his old hat. Last Monday when he showed at the office, lo and behold, on his dome was another "Kelly." It was one of those gorgeous affairs, the kind of a creation often seen in ads. Its material is of a nice black and white color. The office says there is nothing conservative about the hat. He says it's the style.

He has talked us all into thinking that we'll be out of style if we don't hook a creation patterned along the lines of the THING he wears.

SCHROEDER AND LUCE TO TALK LEAGUE

President Lee Schroeder of the State League is expected to pay Richmond a visit in a few days. Manager Luce is not altogether satisfied with the aspect of things in the State League the way they stand at present. There are many little details that Luce wants to talk over with Schroeder.

If Richmond should draw out of the State League, Vallejo could easily be substituted, it is thought. There is still some little question in Luce's mind as to whether 1915, Exposition year, is the proper time to start the independent organization. However, the local man and Schroeder will thresh all of these things out some day this week.

SPORTING GOULASH

Oroville's small boys got a look at a big leaguer at close range Sunday. Their idol, Big Bill James, of the world's series, gave them a talk in the Y. M. C. A. rooms. Bill boosted a home product when he said that the rubbing of olive oil manufactured in Orovile into his flinging arm helped the suppleness of that member.

* * *

THE TROLLEY LEAGUE, KNOWN OVER THE COAST AS "THE BUSHER'S PARADISE," IS TO START AGAIN THIS YEAR. WHY NOT ARRANGE A POST SEASON SERIES BETWEEN THE TROLLEY AND STATE LEAGUE PENNANT WINNERS? BOTH ARE FAST ORGANIZATIONS.

* * *

Harry Hall, Modesto busher, had a run-in with Kid Cupid, with the result that he was arrested in San Francisco yesterday. Hall is charged with wife abandonment. On top of Hall's matrimonial troubles came a release from the Seals, duly signed by Harry Wolverton. They say troubles never come singly.

* * *

Rain yesterday prevented the force of men engaged by Manager Bill Luce from doing any work on the diamond. Luce has wanted to fix the ball park for two months, but every time he is off to a nice start, rain has intervened. One more chapter written in the book, "Troubles of a Baseball Magnate."

* * *

"Hen" Henderson, local tobacco expert, is one local fan who can hardly wait for the opening of the season.

* * *

It seems as though old Sol just came out long enough to let the Berkeley and Alameda Elks settle their diamond differences, and for the Coasters and Majors to pile up a neat littel sum for the benefit of Charlie Swain, who recently lost his leg.

* * *

Because practically all of the baseball population of Crockett attended the Swain benefit game, the battle scheduled on the Crockett lot last Sunday between the club of that town and Cliff Ireland's Independents has been indefinitely postponed. Most of Ireland's boys attended the benefit game, and Bodie and Heilman were in the Coast League lineup.
